

December 24th, 2021

To all residents of Kyoto Prefecture

Infection cases with the Omicron variant have been identified in Kyoto Prefecture.

In order to strictly prevent the spread of the infection, please keep the followings in mind:

- Cooperate with the “Kyoto Manners”, such as limiting the dining time to 2 hours, and the group size to 4 or less;
- Avoid congestion time when going homecoming or shrine visits;
- Monitor your health condition in order to stay healthy;
- Get a test if you are concerned about being infected even though you don't have any symptoms.

In order to avoid the risk of the infection during year end and new-year holidays, I ask for your continued cooperation in this regard.

NISHIWAKI Takatoshi
Governor
Kyoto Prefecture
